# MICROCLEAN<sup>®</sup>

## Filtered water

Every Sundance<sup>®</sup> spa comes with a best-in-class MicroClean<sup>®</sup> filtration system that works to ensure the water is always ready when you are.

*Step into sparkling water.*

#### Slipstream<sup>™</sup> Skimmer

The extra-wide weir gate floats along with the water level to “skim” more debris than standard systems and prevent buildup.

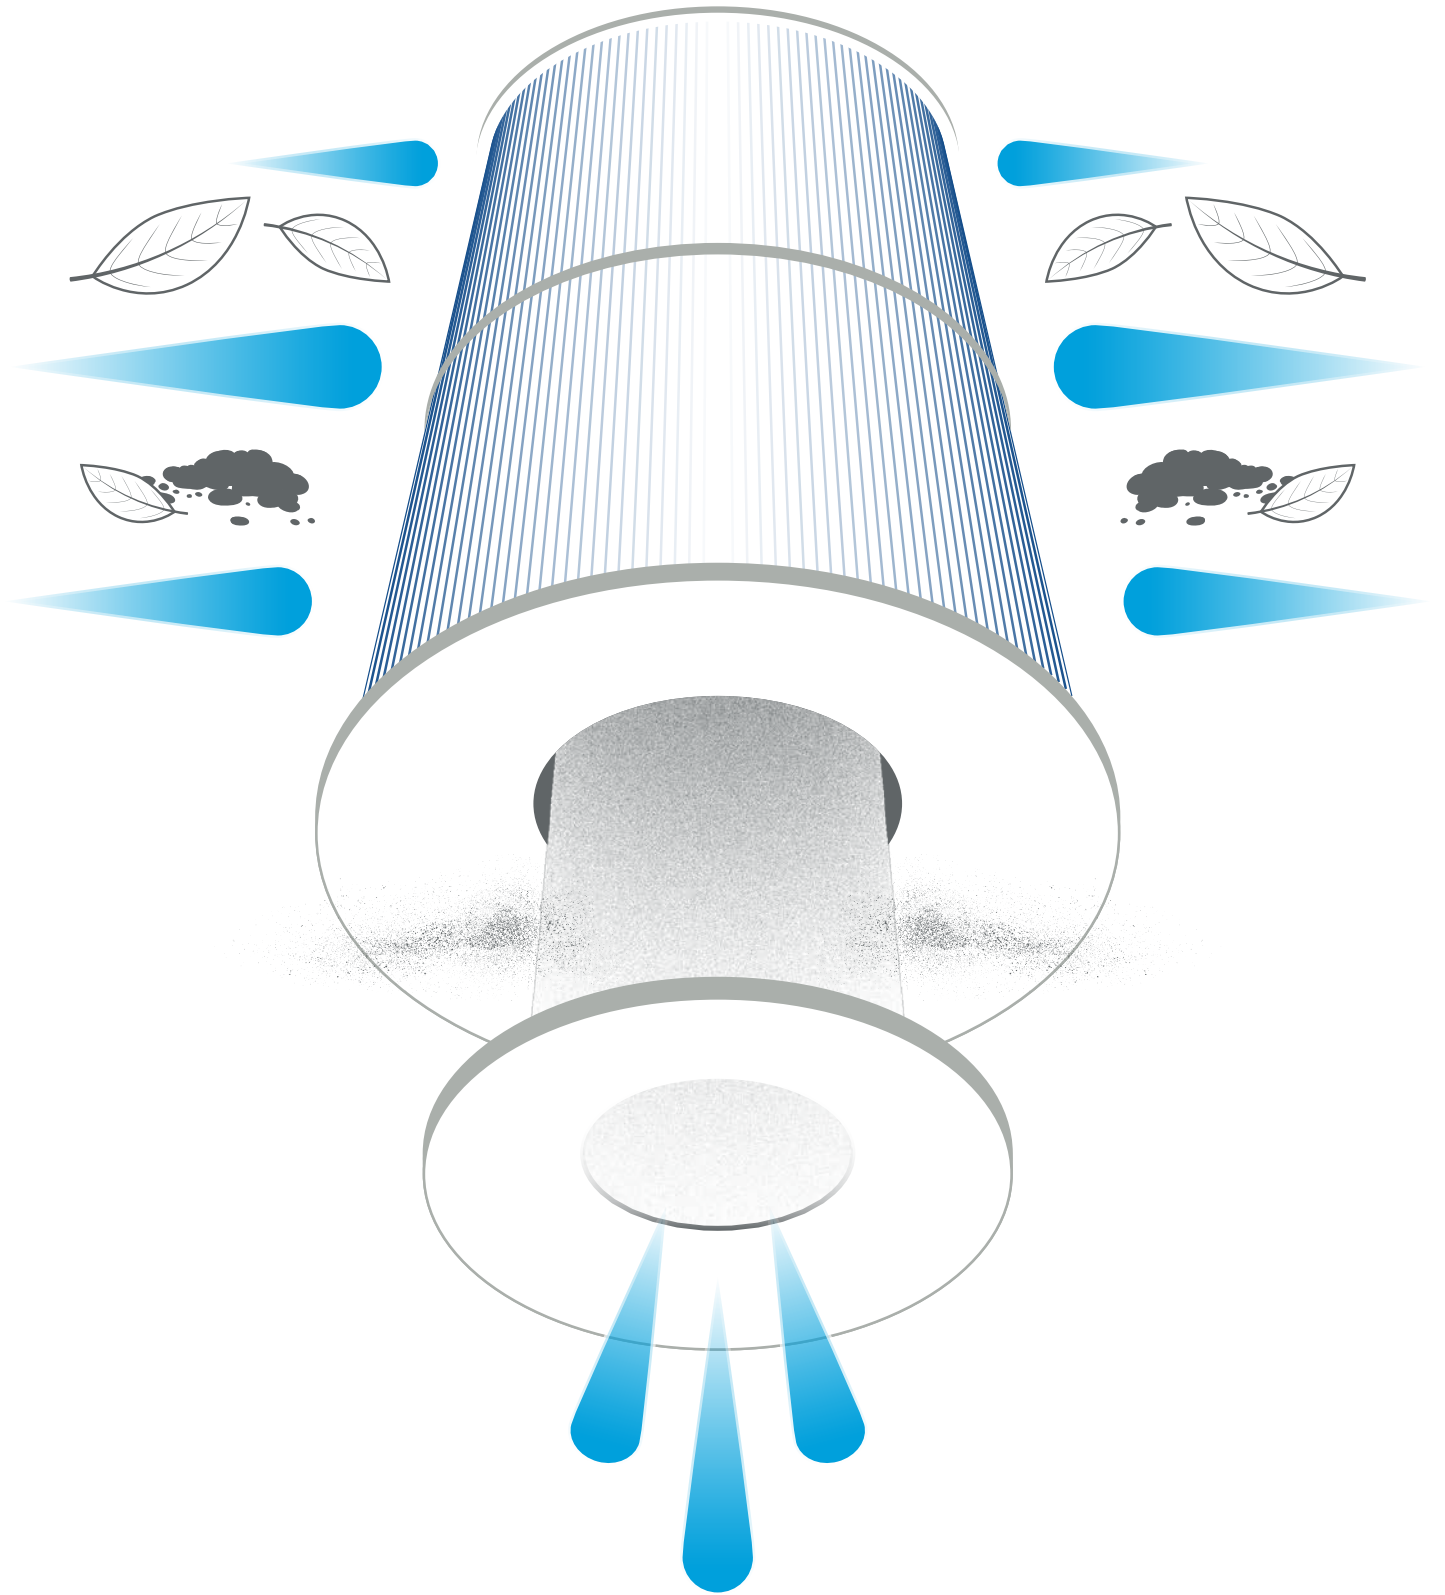

#### Proprietary horizontal filter

Unlike a typical vertical filter, the horizontal position of our pleated filter allows water to flow through the filter.

#### Interior filter

At the heart of the system is an ultra-filtration core liner that removes even the tiniest of unwanted particles.

CLEARRAY®

# Clean\* Water, simplified

The ClearRay Active Oxygen® System combines ozone and UV-C to unlock powerful active oxygen molecules for a hands-free approach to water care.

It works harder and cleans\* the water longer.

*Keeping it simple and effective.*

\*Clean is defined as the removal of microscopic (down to 3-micron level, varies by model) debris from the water. The ClearRay Active Oxygen® System utilizes various technologies to achieve cleanliness. One of them is ozone, which aids in the grouping of smaller debris to form larger clusters that can be more easily captured in the filtration process.

**Filtered Water**

The MicroClean® Filter converts water passing over the weir gate into filtered water.

**Ozone**

The system injects a small amount of ozone into the filtered water.

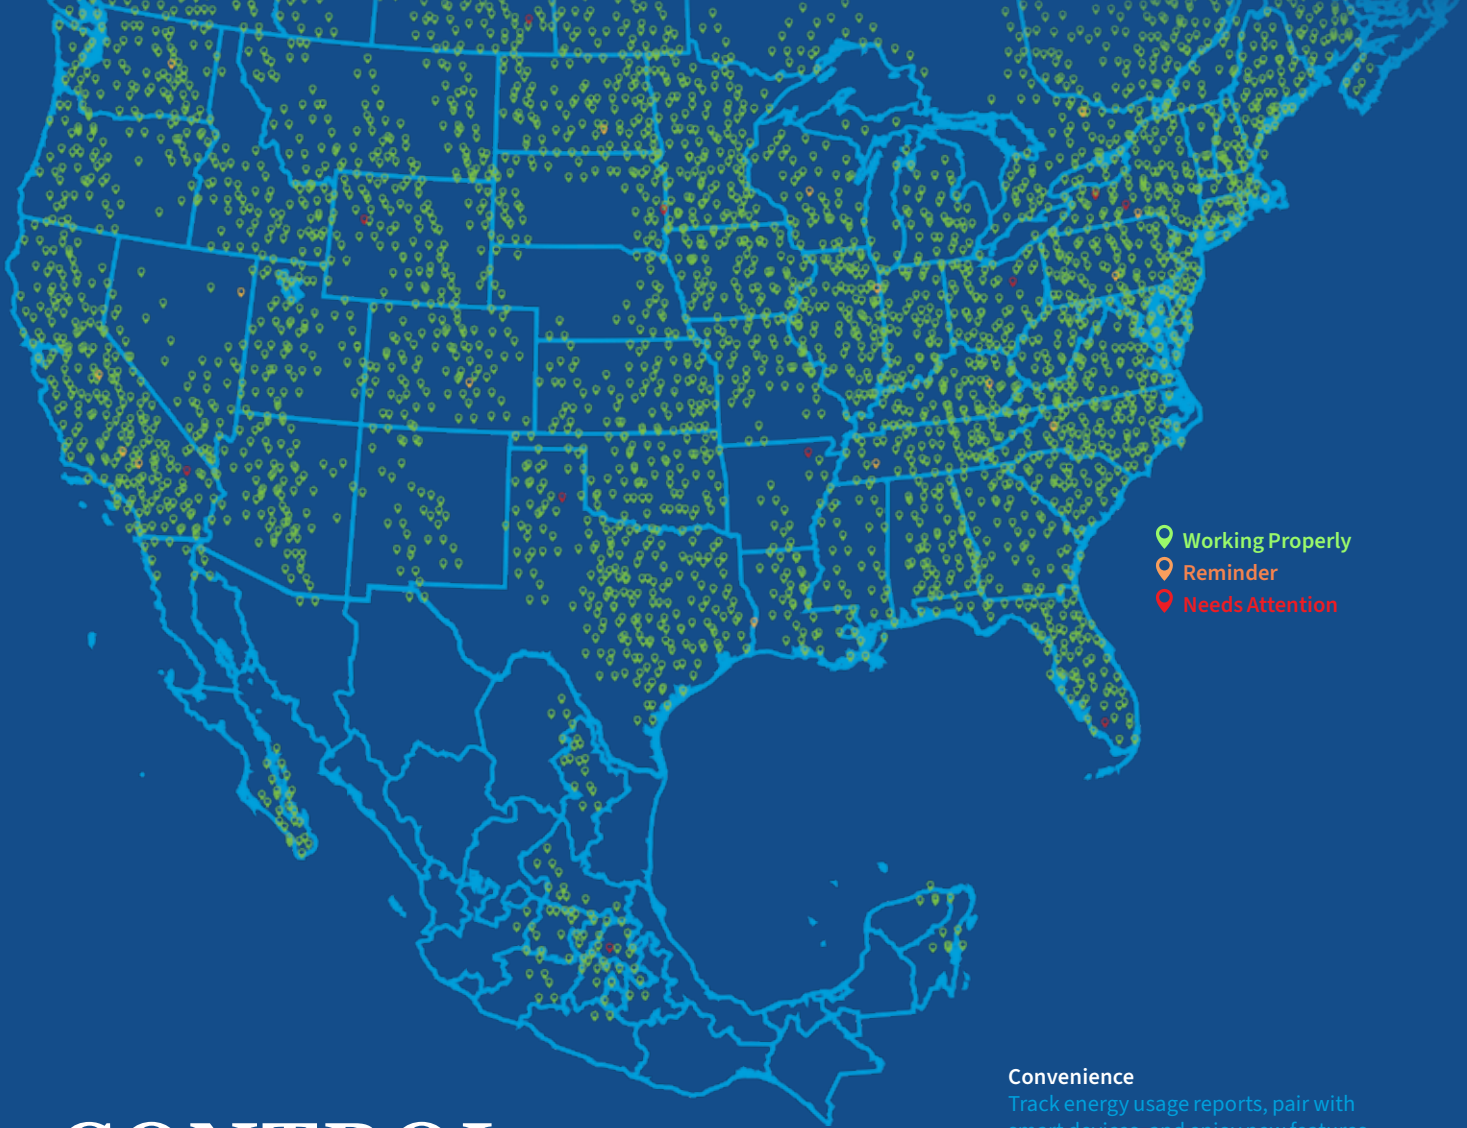

**UV-C**

The UV-C light unlocks active oxygen molecules from the ozone.

**Active Oxygen**

The active oxygen molecules clean\* the water, so your spa is ready to enjoy anytime.

# CONTROL

# Peace of mind

Our patented, industry-first SmartTub<sup>®</sup> system provides remote monitoring and control through phones, smart devices, Siri<sup>®</sup>, Alexa<sup>®</sup>, and Google Assistant<sup>®</sup> wearables anywhere in the world.\* All with software updates and a cellular connection that's simpler and more reliable than Wi-Fi.

*Enjoyment made easy.*

#### Convenience

Track energy usage reports, pair with smart devices, and enjoy new features, which are updated automatically.

#### Full Control

Adjust temperature, jets, and lights, and lock down your hot tub to prevent usage, whether home or away.

#### Peace of Mind

Smart sensors send automatic alerts to you and your dealer if your hot tub needs attention, for power outages, freezing, overheating, etc. It also sends maintenance reminders, to make your life easier and keep your spa running optimally for years.

#### Energy Savings

Smart technology lets you optimize energy savings with industry-first Smart Heat Mode, which monitors, schedules, and adjusts energy usage. Automation reduces standby power by 25%.

Actual SmartTub® owner's review

“I keep the temp about 96°  
when I'm out of town and just  
click the app on the way from the  
airport and ... *voila!*  
It's 101° when I get home.”

**CRAFTED**

From innovative features,  
progressive technologies, and  
iconic designs to the smallest  
details and finishing touches,  
there's enduring quality in every  
aspect of a Sundance® spa.

*Generations of joy start here.*

A high-angle, wide-view photograph of Earth from space. The top of the frame shows the sun's rays shining down on the horizon. The Earth's surface is a mix of blue oceans, white clouds, and dark landmasses. The Americas are visible, with city lights glowing in the lower half of the image. The text "A world of Sundance® Spas" is overlaid in white serif font across the center.

A world of Sundance® Spas

Love, love, love my Sundance spa  
and won't ever buy anything else.

Manpreet

Just purchased my third Sundance Spa and  
am extremely happy with it as well as the  
exceptional service from the dealer.

Brad

Great massage and easy to use [as] I am a  
new hot tub owner. I have severe back pain  
with numbness. After 20 min a day, I can go  
without pain for 1-2 hrs.

Teri

# Live the Sundance<sup>®</sup> life

We narrowed down our spa search to Sundance  
and another brand. We chose Sundance due to their customer  
service history, the knowledge, friendliness, and honest  
dealer at Sunspa Calgary.

Carrie

The quality of my Sundance spa is top notch and the  
service we received from Terry the owner of the spa  
store was awesome.

Olga

Our Sundance spa is the best purchase we've ever  
made... should have bought this years ago.  
It's our family happy place.

Laura

Sunlight dances with water  
The mood lifts like steam  
Conversations flow easily
